

Proposed Gypsy and Traveller Sites

Posted by newbartonite - 03 Feb 2013 18:12

It doesn't seem to be common knowledge that Central Bedfordshire Council have not one but two proposed permanent sites planned for the village in addition to the third one due to be positioned up near Speed The Plough on the A6. One site is to be situated off Luton Road at the far end of the playing fields near the Scout Hut and the other off Faldo Road Industrial Estate. All this is being snuck through in a hush-hush way.

Most information can be got from this link:

The Parish Council's objections can be found here:

and the actual Centrl Beds Council info is here:

We need to address this situation, the potential damage to our village as in house prices, increased rate in burglaries, impact on the schools and we need to get a huge amount of response to this, especially at the meeting due to take place at Chicksands on 28th February.
